
Anne Koutures

Bachelor's in Neuroscience and Psychology

Los Angeles, CA
annekout@bu.edu
310-744-5686

SKILLS

CITI certifications, chemistry, R (coding), HTML (coding), CSS (coding), JavaScript (coding), SPSS, academic and extracurricular writing, communication, customer service, multitasking, research and analytics, public speaking, proficiency in Spanish

Summary

My work ethic, analytical skills, versatility, and passion for learning are what I consider my greatest contributions to a working environment. I am fascinated by the human brain and mind, as well as social justice, and strive to build a future in both neuroscience and law. I am particularly interested in neurodegeneration, child development, pharmacology, neurochemistry, and neurotechnology.

EXPERIENCE

Boston University Medical Center, Chronic Traumatic Encephalopathy (CTE) and Alzheimer's Disease Research Center- *Intern, 02/2020- current*

Researching the underlying pathologies of Chronic Traumatic Encephalopathy in the context of neuronal and vascular integrity. Grant received, paper in progress. Outside of research: anonymize all scans and medical records, compile online database, DICOM image reading in HOROS, scientific reading and writing

Reinhart EEG Laboratory- *volunteer, 09/21- 01/23*

Clinical EEG research experience, EEG set-up and preparation, EEG collection, MATLAB, human subjects research

ReachScale- *Executive Assistant, 01/2023-current*

Gather data on sustainability projects such as renewable energy, edit applications and notes for submissions to sustainability funding opportunities, oversee all documents, online platforms, and meetings

Alpha Delta Pi- *Director of New Member Experience, 1/2021- 12/2022*

Oversee 40 college freshmen each day, weekly education sessions, resolve conflicts, meetings with national advisory board, organize weekly events, submit formal reports each month, mental health awareness

Tatte Bakery & Cafe, Brookline, MA- *Front of house, 02/2022 - 04/2023*

Register duties (taking orders and payment), serving pastries, running and packing food, always at full disposal of customers, open and close cafe, side work, count tips, Spanish speaking with coworkers

Prior to attending Boston University, I gained work experience through waitressing and volunteering at multiple hospitals in Los Angeles County. I immersed myself in the work world at a young age, hoping to learn and adopt a strong work ethic and appreciation for diverse groups of people and cultures.

EDUCATION

Boston University, Boston, MA- *09/2019- 05/2023*

Graduated in May 2023- Bachelor of Arts: Double Major in Psychology and Neuroscience
